Objective :

Second-year B.Tech Computer Science student at Jagannath University, Jaipur, with a strong interest in innovation, embedded systems, and problem-solving. Currently working on a Smart Vehicle Safety System for a national-level 5G Hackathon. Seeking to join FIST at IIT Patna to explore deeper technical knowledge, mentorship, and collaborative project opportunities.

Technical Skills :

- **Programming:** C++, HTML, CSS
 - **Networking:** Cisco Packet Tracer, TCP/IP Fundamentals
 - **Tools:** Git, VS Code, SQL, Microsoft Office
 - **Concepts:** TCP/IP, Subnetting, Routing Protocols
 - **Core Skills:** Problem Solving
-

Internship Experience :

Networking Intern (Virtual)

Cisco Networking Academy | May 2024 - July 2024

- Designed and simulated network topologies using Cisco Packet Tracer
 - Implemented VLANs, subnetting schemes, and basic routing protocols
 - Analyzed network traffic patterns using simulation tools
 - Earned Cisco Networking Essentials certification
-

Education :

- **Jagannath University Jaipur | 2023 - 2027**
B.Tech in Computer Science Engineering
 - **Al Hafeez College, Ara | 2023**
Higher Secondary (PCM)
-

Languages: Hindi, English

Interests: AI/ML, C++
